RESULTS National Contracting Service is a division of the FAA Logistics Center

**Federal Aviation
Administration**

shedding new light
on contracting

RESULTS is a group of federal contracting and technical professionals who help other federal organizations acquire contract services.

Acquisitions with RESULTS Are Quick, Simple and Professional!

We QUICKLY obligate your budget dollars into our revolving fund. Once obligated, your funds are guaranteed until your requirements are finalized.

We SIMPLIFY procurement by using on-line web tools and streamlined processes, often significantly shortening the time required.

Our PROFESSIONAL staff of federal employees focuses on excellence and speed. We help you with everything from statement of work preparation to technical evaluation plans to contract evaluation and closeout.

Vendors You Can Count On

Our vendors have been thoroughly screened for past performance and are some of the best in class. This enables us to streamline the 'source selection' step and focus instead on getting RESULTS for you!

Our vendors provide a wide variety of services customized to your needs, including:

- Corporate Consulting and Analysis
- Engineering, Design and Production
- Transition and Installation
- Operations, Engineering and Technical Support
- Disposal and Decommissioning
